

In an effort to meet the needs of our families during this difficult time, we will be offering a reduced payment option. Tuition this year will be offered to all families at half price.

We only ask that if you are able to pay the regular tuition price or higher than the reduced rate, that you please do so, as the cost to ACI is the same as any other year. This will help ensure that the costs of running a fully remote program can be covered, and allow us to reduce the tuition for those who need it the most.

While our learning will be virtual, we are continuing to pay our teachers at full salary and work as a group of staff and volunteers to support the needs of all our learners. Our teachers and volunteers are working harder than ever to create a dynamic and exciting online Jewish environment for all our students. These are the values we seek to promote as a community centered Jewish organization, and are sharing with you in the effort to be both transparent and a model to our Jewish community.

Annual tuition rates for the upper and lower school is \$750 (reduced to \$375) per child for ACI members and \$980 (reduced to \$480) per child for non-ACI members. The materials fee will be waived this year. Payment can be made in advance or in two installments. Siblings are entitled to a 15% discount. The \$75 late fee if you have not made a payment or contacted the Rabbi by the second week of class will be in effect.
